PROSUMER Solutions™

Crew™ is a completely new range of housekeeping cleaning products developed by Diversey keeping in mind the cleaning needs of prosumer customers. With the launch of Crew™ we aim to provide foolproof, simple & high performance cleaning solutions to our customers for superior housekeeping.

Crew™ Urinal Screen Dewy Fresh / Jasmine Mist / Lavender Spray / Melon Burst

Description

It isn't just a urinal screen. It's a whole new "fragrance system!"

Crew™ Urinal Screens are designed for deodorizing and effective maintenance of urinals. They provide a controlled and consistent fragrance release, using proprietary polymerized fragrances and a polymer based delivery system. The fragrances can neutralize odors, negating the use of an external fragrance system. Crew™ Urinal screens are made with recyclable EVA polymer and hence safe to use and dispose.

Features and benefits

- Crew™ Urinal Screens uses proprietary polymerized fragrances and a polymer based delivery system
- The delayed fragrance release system ensures long lasting fresh washroom experience unlike other urinal screens which have their scent washed off by water
- Crew Urinal screens are made with recyclable EVA polymer, and are hence environment friendly
- Economical urinal screen for effective odor control in washrooms
- Available in 4 refreshing fragrances : Dewy Green, Lavender Spray, Jasmine Mist & Melon Burst

Directions for use

Ensure one time pre-treatment of urinal and drain before usage.

1 Place Crew Urinal Screen on the urinal bowl.

2 The urinal screen gradually releases fragrance for more freshness, keeping the urinals smelling fresh.

3 Replace the urinal screen when you get malodor in the washroom or till no fragrance is left.

Note: Please remove the urinal screen when you make use of any chemicals for cleaning the urinal. Replace the urinal screen after cleaning is done.

Dewy Fresh

Jasmine Mist

Lavender Spray
