

Soft Care® Antibacterial handwash

It's in your hands to prevent diseases. Soft Care® brand from Diversey Prosumer Solutions™ is a fool proof solution to maintain optimum hand hygiene. The products have been formulated to be gentle on human skin as well as effective in removing of dirt, grime etc.

Description

Personal hygiene is of utmost importance in today's world. With the threat of Covid-19 casting a shadow across the globe efficient hand washing with the correct products is the most fool proof weapon to arrest the threat of various diseases that threaten human lives including Covid-19. There are many germs that may be found on the skin of a particularly healthy person. These are spread either through direct contact or via equipment and surfaces through cross contamination. Soft Care® Antibacterial handwash is a perfect disinfectant handwash which kills pathogenic bacteria and viruses on the hands. The formulation has been formulated to be very gentle on human skin but at the same time kill highly resistant bacteria and viruses

Features and benefits

- Formulation with organic actives
- No harmful triclosan which is listed as a CEC (contaminant of emerging concern by US FDA)
- Disinfection achieved through lactic acid a naturally derived ingredient
- Kills 99.99% bacteria and viruses hence eliminating the risk of cross contamination and cross infection related to personal hygiene
- Ideal for hand washing in food service areas and hospitals.
- Very gentle and safe on hands, designed for keeping hands supple even after multiple usage in a day
